Dr Kashif Bhatti

The surgery is a purpose built GP surgery located in North Leeds with both on site and off street parking. The building has automated entrance doors, 5 consulting rooms, 2 treatment rooms and 2 Health Care rooms as well as Waiting area and administration offices.

Under the Health and Social Care Act 2008 (The Care Quality Commission (Registration) Regulations 2009 Part 4), the registering body (High Field Surgery) is required to provide to the Care Quality Commission a statement of purpose.

## **Our Aims and Objectives**

- To provide high quality primary care treatment to our patient population, drawn from the whole population, to include consultations, examinations and treatment of medical conditions.
- To show our patients courtesy and respect at all times irrespective of ethnic origin, religious belief, personal attributes or the nature of the health problem.
- To focus on good health and well-being to our patients and the prevention of disease by promoting healthy living.
- To understand and meet the needs of our patients, involve them in decision making about their treatments and encourage them to participate fully.
- To involve other professionals in the care of our patients where it is in the patients best interests; i.e. referring for specialist care and advice.
- To ensure that all members of the team have the right skills and training to carry out their duties competently.
- To create an educational environment, where staff promote learning amongst themselves
- To encourage our patients to get involved in the practice through regular feedback, including a patient group and satisfaction surveys, using the results to change when required.

The registered activities and service types have been agreed by High Field Surgery's Practice Manager and partners in accordance with CQC guidance. Services are described under registered activity and Service Type.

The regulated activities under CQC are:

- Diagnostic and Screening Procedures (GP)
- Family Planning (GP)
- Maternity and Midwifery Services (GP)
- Surgical Procedures (GP)
- Treatment of disease, disorder or injury (GP)

## **The services provided by High Field Surgery include:**

Routine medical checks and general medical services, NHS relevant prescriptions and medications or a private prescription can be issued.

- **Immunisations, e.g.** childhood immunisations
- **Foreign travel advice and immunisation.**
- **Private medicals** – Our GP's are able to carry out medical reports and reviews.
- **Smoking Cessation**
- **Respiratory clinic** – Including spirometry / lung function testing.
- **Diabetic clinic** - Ongoing care for our diabetic patients and run by trained nurses and supervised by GP Partners.
- **Family planning services** – Including contraceptive advice including fitting of iucds and implants.
- **Flu vaccination** - We offer 'at risk' groups the flu vaccine at a certain time each year to protect you against the flu virus.
- **Phlebotomy**
- **Midwifery** - The community midwives hold their own clinics at High Field Surgery for patients. They supervise antenatal/postnatal care, undertake deliveries in hospital and at home where appropriate.
- **Minor surgery** - We offer a number of minor operations/surgeries and cryotherapy.
- **Ear syringing**
- **ECG monitoring**
- **Cervical screening**

Our practice strives towards a partnership between patients and health professionals based on the following key facets:

### **Mutual Respect**

We endeavour to treat all our patients with dignity, respect and honesty. Everyone at High Field Surgery is committed to deliver an excellent service. We ask all patients to highlight any discrepancies and to offer the same commitment in return.

### **'Holistic' Care**

We are equally interested in the physical, psychological and social aspects of your individual care.

### **Continuity of Care**

Building and maintaining a strong relationship between doctors, health professionals, and patients is essential to the way we work. This is especially so in the management of ongoing problems or long-term illness. In these circumstances we would encourage you to continue seeing the same health professional and wherever possible we will facilitate this through our appointments system. However, if you have a new problem, the doctor or nurse that you normally see is not available, or you would like to see someone else then we would encourage you to see any of the doctors or nurses at the practice.
